

Training

Training is also available from [P & L Software](#) in the UK. As Apple's sole UK Authorised Training Point for WebObjects and as the developers of the Mesa spreadsheet for Mac OS X, they are well placed to assist your organisation's programmers get the most from these exceptional technologies. They run training courses within the southeast region of the UK in they airconditioned offices in Beaconsfield (20 minutes from London Heathrow, 30 minutes from Central London). Tailored on-site courses can be arranged according to your specific requirements.

[CodeFab](#) offers custom training. They do one-on-one and small group training in our offices in NYC.

[Fylab](#) offers training in France.

[Assense Software Solutions](#) will soon offer WebObjects Training classes in Germany. Currently they are working on a "WebObjects Development with WOLips" class. The Assense Team can also provide custom WebObjects training, development and hosting incl. 24/7 support. (The website currently does not show the training part and is only in German) For more info contact Matthias Fricke: training@assense.com

[Tuparev Technologies](#) offers custom training in the Netherlands, Bulgaria, Germany, and Belgium. If there are enough participants we also offer WO I / II, but they do not have a regular schedule.
