

WOWODC 2012 dates

Hello everyone,

Mark your calendars, WOWODC 2012 dates are now official! WOWODC 2012 will be held in Montreal (Canada) from June 30 to July 2 2012.

We will also do a WO Boot Camp on June 28 to June 30. This boot camp will be done by Paul Lynch, one of the few people who do WebObjects development training, and will have a strong focus on EOF.

We don't know yet at which hotel the event will be held, but the last day (July 2) of WOWODC will be held on Notre-Dame Island, in a [renovated Expo 67 building](#) just next to the F1 race track (Circuit Gilles Villeneuve).
